GOLDEN

Texture finished with a gentle golden touch

GOLDEN in Two Expressions

GOLD. VELVET.

All refined with a delicate golden touch.

88713

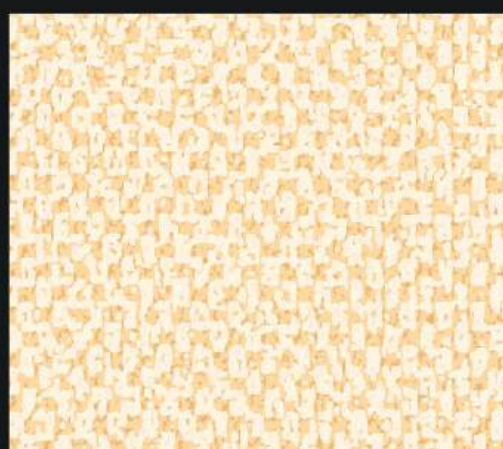

GOLD

**Glowing
Harmony**

*A sophisticated mood
shaped by refined textures
and the subtle radiance of gold.*

88699

VELVET

**Gentle
Nest**

*A comforting mood
defined by plush embossed
texture and a sense of soft warmth.*

GOLDEN

GOLD • VELVET COLLECTION

Texture finished with a gentle golden touch

*A collection where texture meets light.
Subtle patterns and calm surfaces are refined
with a gentle golden touch, bringing quiet depth to modern interiors.*

KCC SH&D WALLCOVERINGS

A New Standard in Gold. *golden*

Exclusive golden inks and refined techniques
create a depth and brilliance beyond the ordinary.

A precise expression of light,
elevated on the surface.

GOLD

glowing harmony

A refined expression of gold,
created through exclusive inks and advanced techniques.

NEW FUNCTION OF EASY CLEAN WALLPAPER

Daily stains are easily wiped off
on Easy Clean Wallpaper

What is Easy Clean wallpaper?

It is a wallpaper that applies Shinhan Wallcovering's special coating technology to easily wipe out various daily stains such as colored pencils, coffee, and soup.

01

Easy Clean

Since pollutant does not seep into the wallpaper surface, so it is easy to remove and manage daily stains

02

Kindergarten Kid's room recommended

Safety-coated wallpaper that easily removes scribble and colored pencil mark

03

Optimized for commercial space

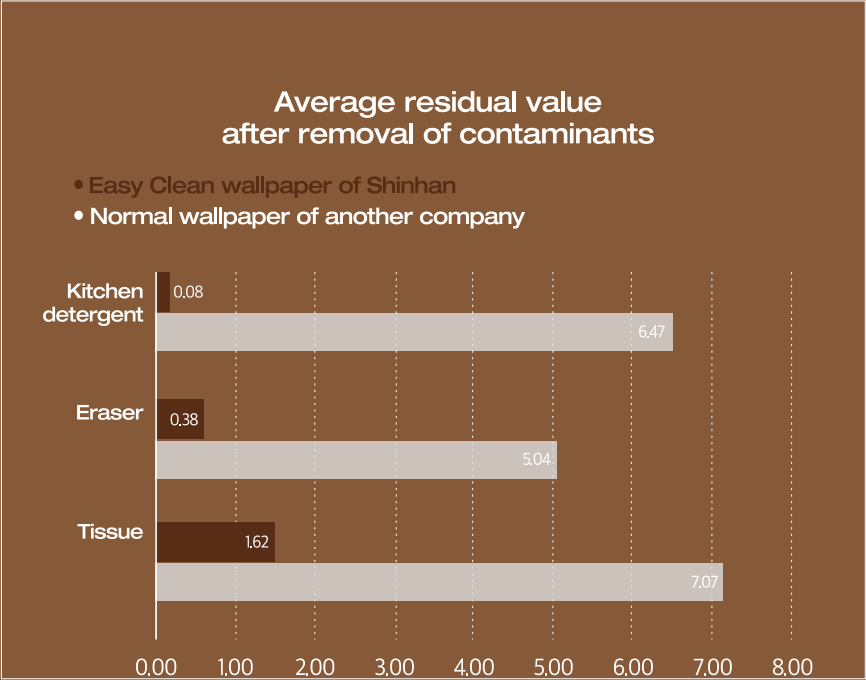

Easy to maintain in commercial space, such as Cafe·Hotel·Hospital

Easy Clean wallpaper removes 99.99% daily stains

Cleaning test results

Normal wallpaper of another company				Easy Clean wallpaper of Shinhan			
Tissue	Eraser	Kitchen detergent	Source of pollution	Tissue	Eraser	Kitchen detergent	
5.91	1.06	1.87	Colored pencil	2.58	0.84	0.25	
9.27	1.38	3.13	Crayon	3.13	0.66	0.01	
17.65	12.37	22.51	Water-based pen	2.44	0.47	0.02	
1.82	5.46	1.41	Coffee	0.12	0.03	0.01	
4.92	5.74	5.23	Kimchi soup	0.46	0.03	0.01	
1.79	4.22	2.14	Ketchup	0.45	0.06	0.02	
8.14	5.03	9.02	Lipstick	2.18	0.29	0.07	
7.07	5.04	6.47	Average	1.62	0.38	0.08	

Test method

After applying contamination on wallpaper, 48 hours later, the contaminants was wiped off with a tissue-eraser-kitchen detergent, and the residual contamination was measured through a colorimeter.

- ※ A lower number indicates better contamination removal performance.
- ※ This figure is the result measure according to Shinhan Wallcovering's own test criteria.
- ※ Oil-based pens have a relatively high residual rate compared to other pollutants.
